

Coronavirus Disease 2019 (COVID-19) Information Page

The novel coronavirus (COVID-19) and its variants are proving an ongoing health threat to our service populations in the City of Martinsville, Henry County, and Patrick County with the number of cases once again rising in our area. The welfare of our communities is of utmost concern to us, and we believe the best way to safeguard that welfare is to take steps suggested by health officials and mandated by federal, state, and local governments. As such, we have drafted the following response to the current health crisis:

UPDATED 1/7/2021:

**Beginning January 11, 2021 all branches will be temporarily closed to the public.
Curbside service will be available Monday – Friday, 10 – 6.**

Returned materials will be quarantined and may not be checked in for at least 3 days.

No late fees will be charged for any returned items.

Due to virus concerns, we are not accepting any book donations.

We are working with local and state officials and will update our [website](#) and [Facebook](#) pages respectively with any changes to those dates or services.

Library Programming

All Library programming has been cancelled for the time being until it is safe to resume.
